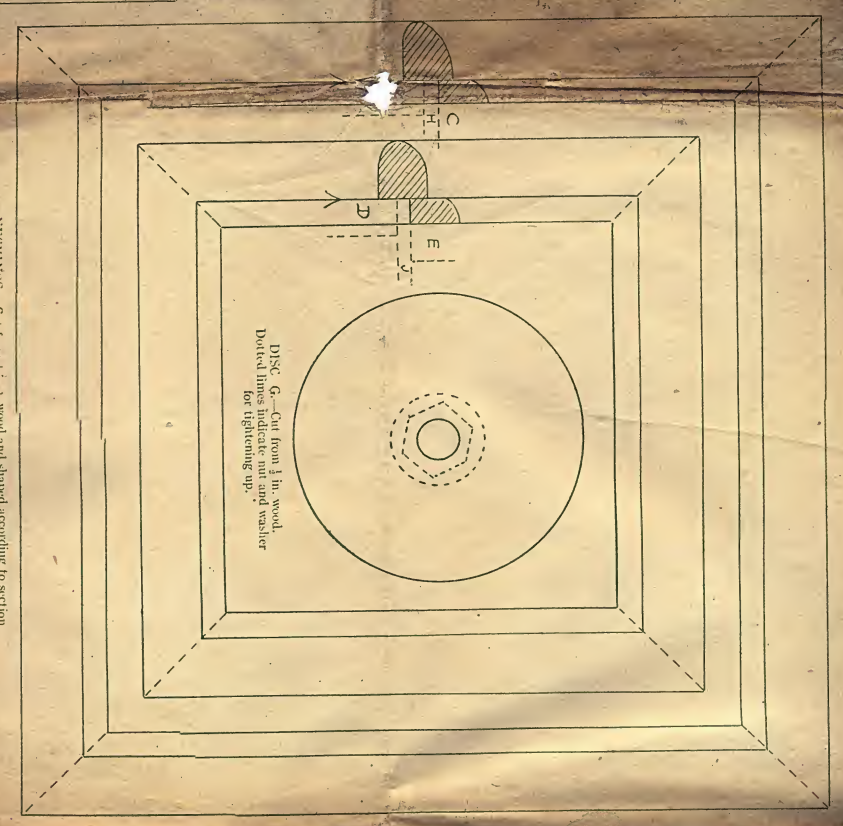
SCALE DIAGRAM OF SIDES, &c.
These pieces are supplied ready cut and shaped and with edges chamfered ready for assembling.



NECKINGS.—Cut from ¼ in. wood and shaped according to section. Dotted lines indicate position of sides of stand.

DISC G.—Cut from ¼ in. wood. Dotted lines indicate nut and washer for tightening up.

FOR HANDFRAME WORKERS—Red arrow heads indicate the direction in which the saw must cut.

FOR MACHINE WORKERS—Red arrow heads indicate the direction in which the wood should be fed to the saw.

NOTE.—The cutting table in both cases to be inclined slightly on the left. See hand-book for method of securing the correct angle for cutting.
